To whom it may concern

RE: RECOMMENDATION FOR MS. MAFUNDA SHARIF ALI

ZU/BA/3560/10

The above named individual has asked me to write a letter of recommendation in relation with her application to join your Institution.

I have known Ms. Mafunda since Oct, 2010 when she was a full-time student in the department of Public Administration. She completed studies in July, 2013 and passed with a Lower Second Class.

Mafunda is a careful and creative thinker with an eye for details and a devotion to logic which serves her well both in the social sciences and outside. She has the proven ability to draw on her own experience and observation to contribute thoughtful opinions on a variety of issues. Her regular contribution to full- class discussions provided insight both for her peers and for me as her instructor.

The Dean's office doesn't have any hesitation about Mafunda's performance and therefore recommends for the acceptance of her Postgraduate study applications.

Thank you,

Dr. Khatib M. Omar,

Asst. Dean,

FACULTY OF ARTS AND SOCIAL SCIENCES.

RE: RECOMMENDATION FOR MS. MAFUNDA SHARIF ALI
[ZU/BA/3560/10]

It is my pleasure for me to write this letter of recommendation for the above named lady. I have known Mafunda since Oct, 2010 when she joined the University in the Faculty of Arts and Social Sciences, Department of Public Administration, and she completed her studies in 2013. Mafunda is one of the most outstanding students I have taught at Zanzibar University.

Mafunda is a careful and creative thinker with an eye for details and a devotion to logic which serves her well both in the social sciences and outside. She has the terrific ability to draw on her own experience and observation to contribute thoughtful opinions on a variety of issues. Her regular contribution to full- class discussions provided insight both for her peers and for me as her instructor.

The Faculty of Arts and Social Sciences of the Zanzibar University doesn't have any worry about Mafunda's performance and therefore recommends for the acceptance of her master study applications.

Thank you,

Dr. Haji Ali Naji

Head of Department [Information Science],
Faculty of Arts and Social Sciences.
